

Easter Season Activity Make an Alleluia Chain

Cut several pieces of different colored construction paper into strips.

"Alleluia" means "praise God!" and an Alleluia moment may be a smile from a friend, a sunrise or sunset, an answered prayer, learning a new skill, a favorite food for dinner ... you get the idea!

When the family is together, provide strips of construction paper and ask each family member to write or illustrate their "Alleluia" moments from the day.

Use tape or staples to connect the strips to make a chain, and celebrate how long it gets each time you gather.
