

Gospel Story: I Can See!

Once there was a man who'd never seen anything. He had a family who loved him and many friends, but he was often sad. He wished that he could see the world and the people he loved.

One day Jesus walked by with his disciples. They wanted to know why the man couldn't see. They thought maybe he'd done something wrong and deserved to be blind. Jesus said that wasn't true.

Then Jesus did something very strange, spitting in the dirt to make mud! He smeared it on the man's eyes and said, "Go wash off the mud in the pool."

The man did just what Jesus said. The mud washed off and he wiped his eyes. And this is the greatest miracle of all: He could see now!

The man couldn't believe what had happened. "I can see!" he told his friends. "I can see!" he told his family. He told everyone, "I can see! Jesus told me what to do and I did it—now I can see!"
